Scorecard

Dimension	Score	Justification
Technical Depth	1	The candidate provided no technical details or depth of domain knowledge throughout the transcript.
Communication Clarity	2	Communication was extremely poor; the candidate frequently echoed the interviewer's prompts rather than providing structured answers.
Confidence Fluency	1	The responses were highly fragmented and incoherent, consisting mostly of repetitions or statements about missing audio, indicating severe difficulty maintaining flow.
Star Completeness	1	No behavioral story was told; the candidate failed to provide any examples necessary to assess the Situation-Task-Action-Result structure.
Problem Solving	1	The transcript did not contain a technical problem for the candidate to deconstruct or solve, making assessment impossible.

Summary & Next Steps

This evaluation is severely limited because the candidate provided virtually no substantive answers; most responses were repetitions of the interviewer's prompts. The candidate needs significant preparation in structuring behavioral and technical narratives before re-interviewing. Recommend a 'Do Not Proceed' status based on current performance.
